Wedding and Gift Registry Service

Our curating team will help you select the right artwork for your space, creating an online “*wish list*” for you to share with your friends and family. They can purchase the piece or provide a donation towards the purchase, giving them a *perfect gift and you something you are guaranteed to love!*

For Gift Givers: *Are you looking for the “perfect” gift for a wedding or housewarming event?* Original art is the ideal contribution for a new home or business but knowing the receiver’s tastes can be difficult. We work closely with the recipient to help them cultivate their taste, choosing pieces suitable for their display location. Their “gift registry” is made available to supporters, who can choose to purchase a piece from the collection or simply provide a monetary donation towards a gift already chosen by the recipient.

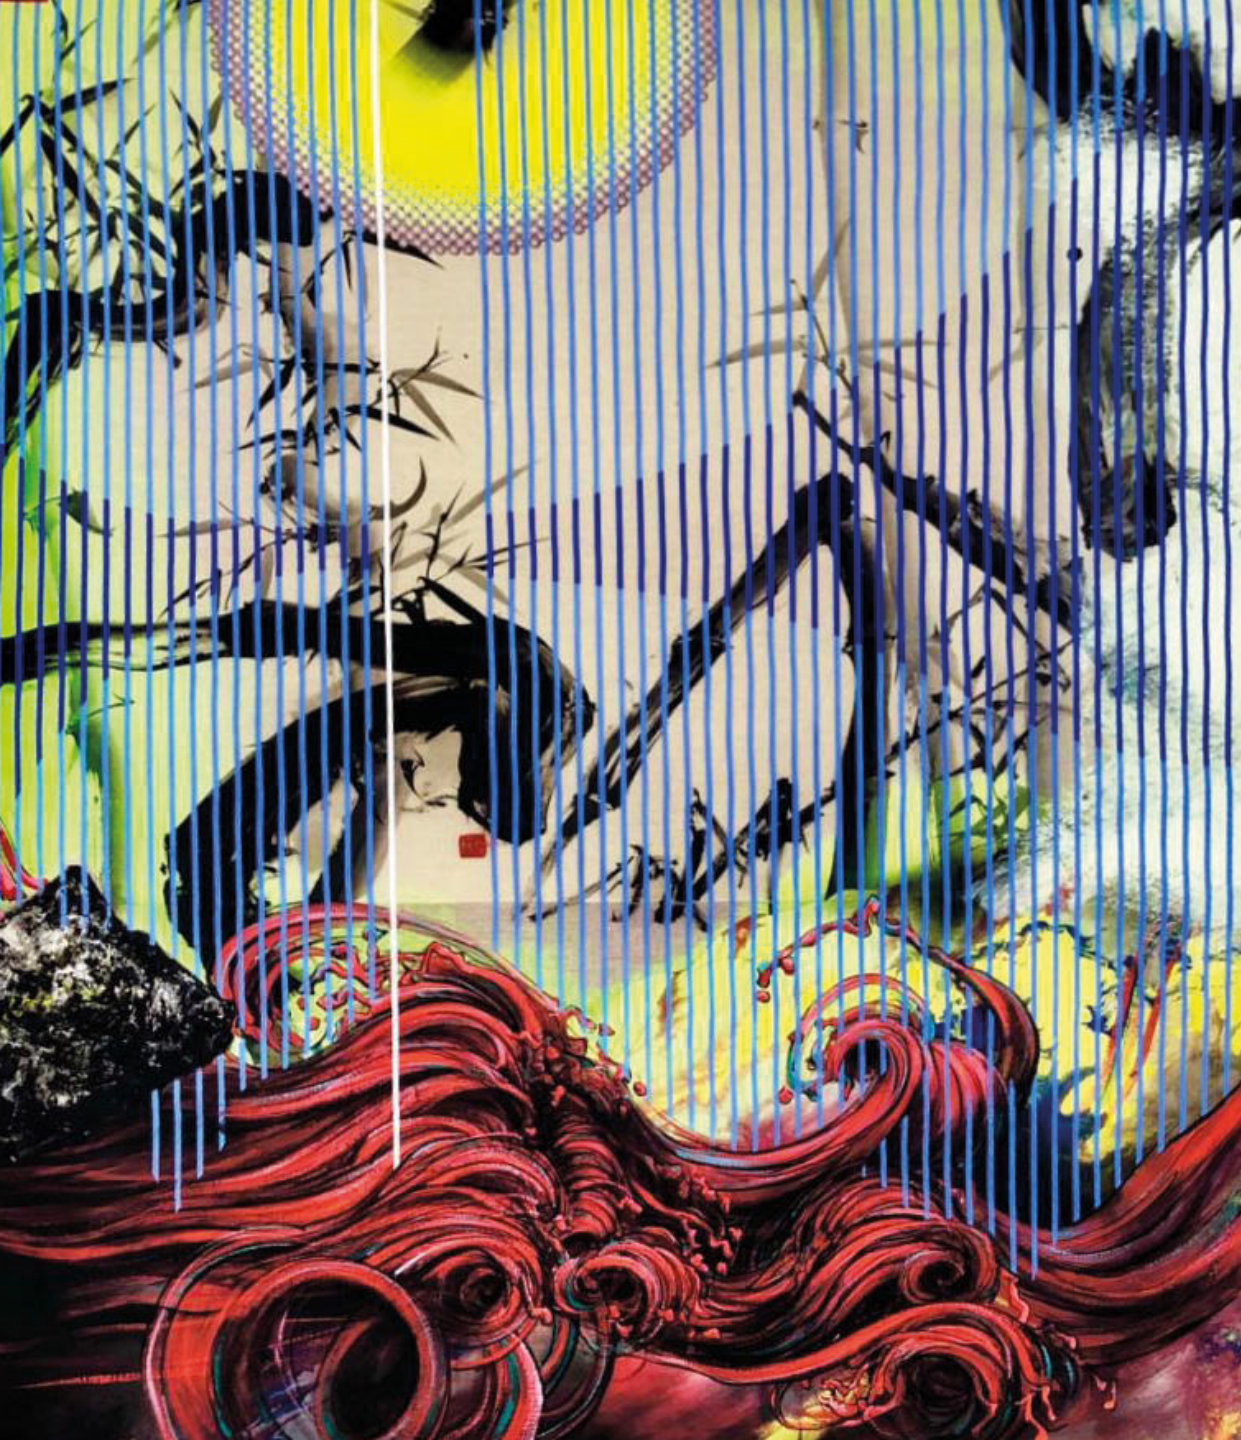

For Registrants: *Original artwork is the ideal gift* for a new home, new business, or gift registry for those who are looking for something special to add to their lives. Our curation team can help you choose a work of art (or even a whole collection) to reflect your personal style in your home or office. The “TITLE” also allows your friends, family and colleagues to help you financially to purchase pieces which may normally out of your budget.

How it Works:

1. You work with our team to choose works of art you love.
2. Your friends and family view your “wish list” online and decide if they want to purchase the piece(s) outright, or make a financial donation towards their purchase.
3. You receive your new pieces for your space. Isn't that a treat?
