## An Introduction to the Sybaris Community

Sybaris Collection offers your company the opportunity to display original artwork by emerging artists from around the globe without a long-term commitment. *Let us help you discover pieces which highlight your taste, company's goals and culture, and bring out the atmosphere of your commercial space.*

## What is the ARTLeasing Program?

Leasing provides you with the opportunity to *rotate your featured works, adding interest and freshness to your office space.* You can showcase new pieces while supporting emerging artists worldwide and promoting diverse cultural heritages through art and design. If your needs or tastes change at the end of your term, trade in the artwork for something completely different!

## How does the ARTLeasing Program Benefit Your Organization?

By leasing artwork, your company can update the space regularly, whether in an office, hotel or restaurant, allowing your visitors *a fresh experience when they visit your location.* You can enhance the ambiance of your business spaces all suited to your clientele. Leasing also allows you to free up capital for other needed improvements and capital expenses, and the costs incurred in leasing may be an allowable business expense.

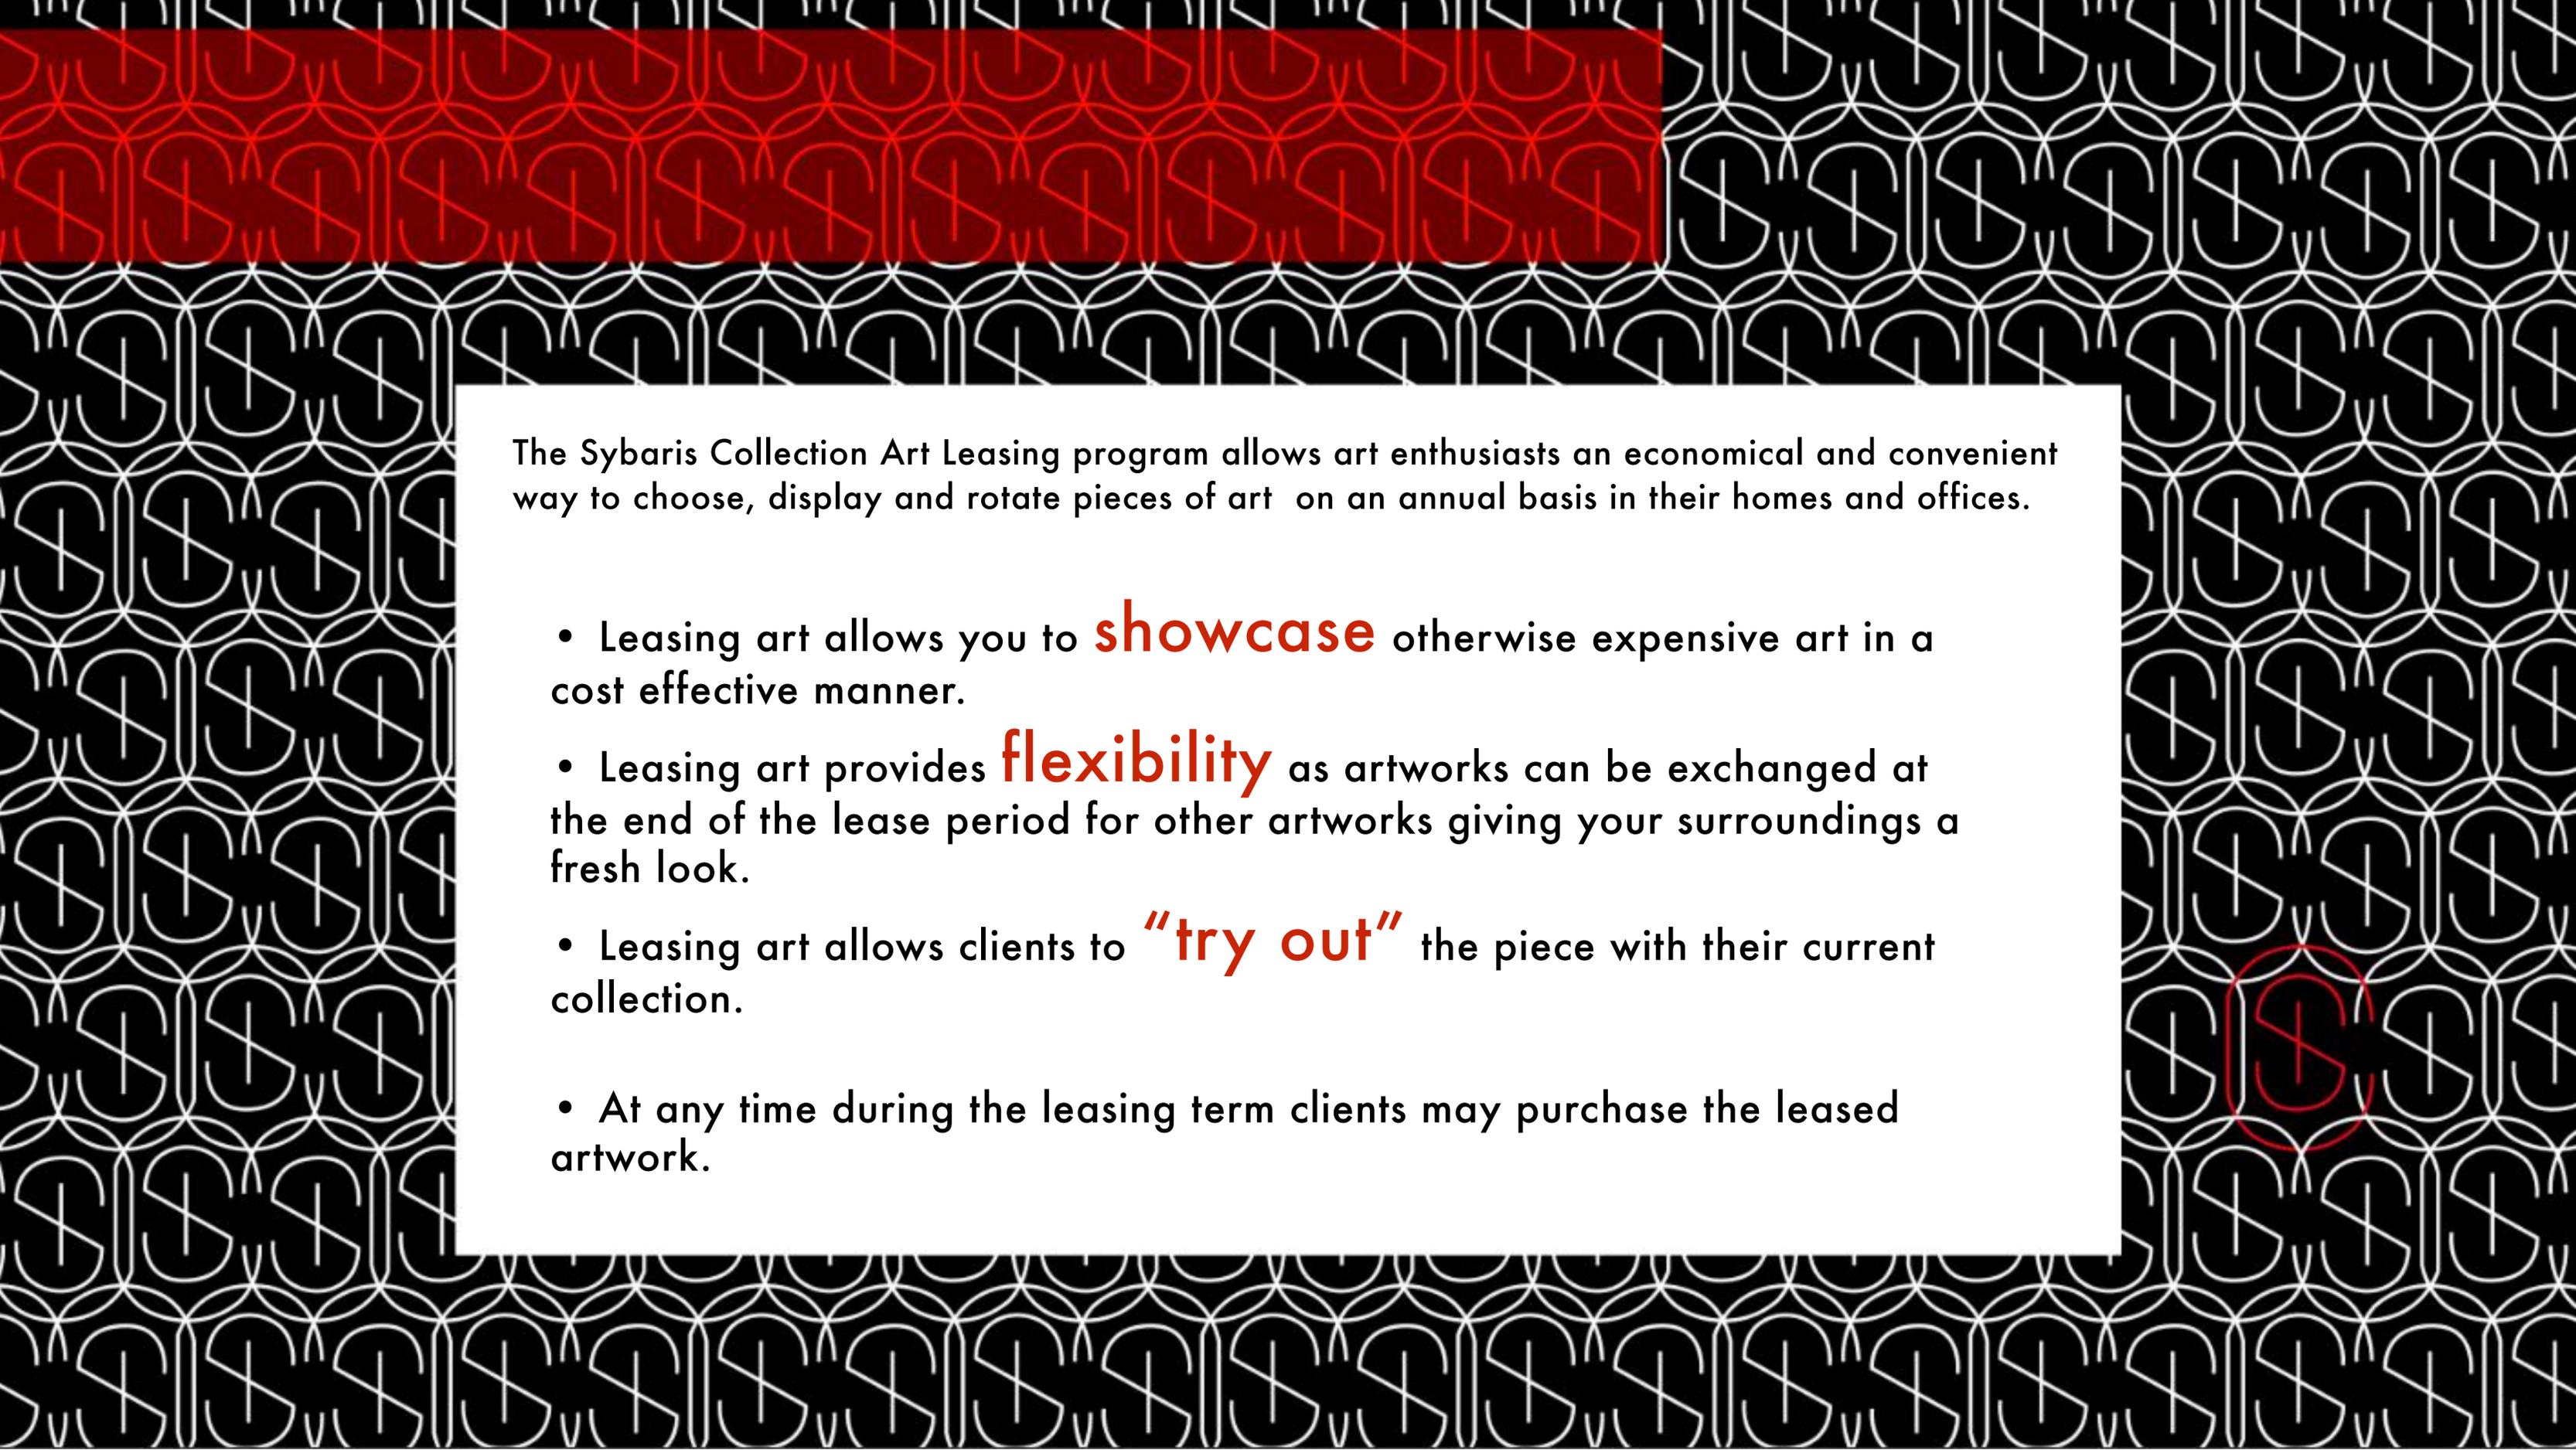

## What is included in the ARTLeasing Program?

Whether you are a hotel owner, restaurant owner, or interior designer, we assist you in developing your art collection by leasing it, *finding the right pieces for you and providing an all-inclusive and risk-free service*. An experienced curator will help you select pieces which match your style, brand, and values to provide a lasting impression to your clients and partners.

*The minimum cost is \$5,000*, with the monthly payments a percentage of the total price of the works leased. The minimum term is twelve months, at which point you may choose to continue leasing or even purchase a piece you have simply fallen in love with. At the end of the lease period, if you want to buy your artwork, a portion of your lease payments will be applied to the purchase price.

We provide a hassle-free, all-inclusive package, including delivery, framing if needed, installation and insurance. Installation costs are determined by the specific artworks you have chosen; we will work together to determine delivery and installation of your new leased works.

The Sybaris Collection Art Leasing program allows art enthusiasts an economical and convenient way to choose, display and rotate pieces of art on an annual basis in their homes and offices.

- Leasing art allows you to **showcase** otherwise expensive art in a cost effective manner.
- Leasing art provides **flexibility** as artworks can be exchanged at the end of the lease period for other artworks giving your surroundings a fresh look.
- Leasing art allows clients to **“try out”** the piece with their current collection.
- At any time during the leasing term clients may purchase the leased artwork.

**Art Curation:** A discovery meeting will be scheduled for you with a *professional art curator* to discuss preferences, taste, requirements and budget. This curator will follow you throughout the leasing process.

**Artwork Selection:** We offer an online Private Gallery for your viewing of the *multiple artworks*, selected by a personal curator, which will be based on the terms discussed at the discovery meeting.

**Concierge Level Services:** *This is an all-inclusive art leasing program that is risk-free with concierge level service.* Our rental fees include white-glove delivery, installation, framing (if needed) and an insurance policy. Installation will be performed by a professional under the Sybaris Collection curator's supervision.

**Minimum leasing term:** is twelve (12) months with an automatic renewal process at the end of the term.

A 30-day cancellation notice is required at the end of the leasing term. Payments are non refundable.

**Maximum leasing term:** there is no maximum limit to the time that the client leases the artwork; however, only the first-year lease charges (minus the installation fee) will be applied as a credit if you choose to purchase the art work at any time.

The client is entitled to swap the artwork for another piece of equal or lesser value only one (1) time per year; however, a new installation fee will be applied.

**Buyout:** You may purchase the leased artwork at any time. A portion of the leasing charges paid (minus the installation fee) for that exact piece during the first year of lease will be credited toward the buyout price.

We ask that the client not de-install or move the artwork as damages may occur in the process - any such damages are not covered by our insurance and will be deducted from your security deposit.
